1. I have faith in the Lord God Almighty, maker of heaven and earth, for I am him. I am him who he is. He is me for I am him, and not separate any more, I come into the glory fulfilled of my father son and holy ghost being one who I am is, a Lord God complete in the earth -- created me I have and now I create worlds. Foreign'd and other to your way of thinking, not, for all shall come in line with mine to be the Lord God I am that I am; that I am not feigning a glory a man of. This glory you will see now revealed for I reveal it. I walk the earth as a man -- fulfilled glory my name now. What's yours?

2. This is Theodore Cottingham, November 1, 2008 at 11:26 AM as I make this recording on our deck in the backyard.

3. I invite me, I invite you, to explore these things and not diminish them with your mind, in your mind, -s eye. I encourage you to explore. Think about these things -- not diminishingly, but exploratively, and exploring me, and "expletives" seeking not; me seeking me in these words to realize me is me I am in the earth I am you. I am you seeking me, don't you understand that, yet?

4. Yet, do you understand anything?, about the Lord God Almighty? Maker of heaven and earth? Who made me, who made you? Who made "US" is the question, isn't it? Isn't it the question of the day? Is that the question of the day?

5. Tell me now, what are you -- thinking now? What are you thinking, what are you doing, pulling what into the earth? Brain waves of not me? Creating what, not me again? Or are you going about "your day" or MINE? Are you going about "MY DAY?" I am going about mine, for my day is new, **the day of the Lord is here** and mighty to be saved all will be who see me, love me and come into me to be the Lord God Almighty I am.

6. Do you understand these things yet? What have you studied? Where have you studied? Did it do you any *good*?

7. I am coming into a, new dispensation, not; I am coming into a new world. I create it. With the word of my mouth I create all things, now. A man walking the earth creating all things in the earth, of the earth no more, recognizing the Lord God Almighty is him, who

he is, is me -- don't you see?, that **now I have explained these things for ever and ever.** Amen.

8. I go to a new place, world. I create it. There. I am. I create creation, do you? What are you creating, *your WORLD*? Why are you creating YOUR world apart from mine, my world that so perfect is? In perfection being and blessing perfection to be perfected I am Lord God Almighty of all earths coming in to one; earth not, but heaven is, and heaven is me in heaven, being birthing heaven anew -- and new places seen me, not again into them and their "social order".

9. Of things unseen I am and I am real. I am THE real. What are you, an image? An image, of what? Where? Where did you get that image, that you are looking at in YOUR mirror? What is mirroring who and who is mirroring what and what brain waves pattern are you patterning yourselves after, into, and being what? creators none? Or creators I am -- creating worlds never known seen before that I am creation of, for I speak and my word obeys me, not as a man of "this" world, this evil world that thinks it is apart and separate, notme being.

10. Me alone no more, I am not separate. Why have you separated, fallen? Why did you be-fall yourself? Why did you LEAVE me? - and all that I had was yours. All that I was, is yours. All that I am, is still yours, is it not? Have I not mercy grace honor dignity respect for you being you in you - still? Amen.

11. See -- see what I have said. See -- I have bowed before you this day -- in honoring you, and honoring you, I am, there among you honoring you, speaking my these words that these my words are; and honoring you with them I do, for I bring you good tidings of great joy, and all the earth will see here and know of these words and be in them, combing them, pursuing them, copying them into their notes and genes and letting me be "re"-written into my me's now that are me properly, and coming into Israel that I am Lord God Almighty of, and in, creating it real, and the unseen will not be seen unseen anymore, but the seen real will be seen, for my seeing ones will come unto me to learn how to; and see properly now -- not of this world of only, but into mine, and my eyes seeing, and being led by my "eye" of man not, and "his" ways again; but what ways am I seeking? The "glorified" way? The REAL WAY. Amen. And there is only one -- me -- I am all of you who will be me. Create me -- by creating me. Are you not the Lord God Almighty, maker of heaven and earth?

12. And what "earth" did you make, now, unto yourselves, a "new" earth and heaven a'notme of? Again humble -ing me what where, and thinking that's all I am is to I am? No. Not that again –

13. for I am more than you have ever THOUGHT, that I was. For I am now in the earth a man walking in bluejeans and loving you to be me, not in blue jeans necessarily, but what art thou wearing? a REGAL MIND of one most holy -- being it, in the earth, not knowing it? Thou wilt know it now, for I am perfect peace. In it I am.

14. I know all things. Anointed and anointing I am the most holy to be it, the most holy I am anointing the most holy to be I am divine and divine you are and most holy being the Lord Almighty maker of heaven and earth, God one and knowing it and not shirking your "duties" again, will you?

15. Will you research, write, these words that love you into being you that I am Lord God perfect and perfected now through perfection's blessing that I am is, recording perfectly your words that my words are, that our words are, perfectly and born again into the earths, worlds apart no longer, but dimensioning me improperly not, but coming into my ALL-WORD and being it perfectly into ALL WORD I am now -- are you?

16. Are you willing -- to be me? Are you willing? Are you willing to be me? Create new worlds? Are you willing to create new worlds? With that power that only glory and authority are, and come in one "package" not, but all of us are ONE! And knowing it now, I am the Lord God Almighty that Lord God Almighty is, that "multi-membered" aren't, but many-membered is and one member is me, and I am you, are you not that "one member" that is me perfectly and born again birthing perfection into the earth to perfect it, the kingdom of God being born again and known now in the earth, creating earths far and wide that know me perfectly with peoples who are me, one with me, and breathing the same "air"?

17. I am you. Never "needing" coffee again, shall we? But NEEDING nothing ever again from this world, or any other, person or world or thing or thought or mechanism of another. But being perfectly me I am one in one and one is the all of us who perfect are, and perfection is, being the one perfected, that all who are, are Lord God Almighty's, that Almighty is, in heaven and earth, not apart and separate again. Is this clear?

18. Is this clear? Have you cleared your memory of notme, yet, by writing your words that are my words only? Have you written my words, my vocabulary down In YOUR BRAIN? Waving notme to me again not but waving only me in what ocean? –s, where is that ocean? and what sea?

19. **I fish** now -- posting soon and re-reading; have I posted it yet? Have you read it? **All of you!** "I fish now" **looking up** shall we now? Shall you write it anew and be me in your own handwriting?

20. And what have I asked you to write **"in your own handwriting"** in these words? I DEMAND an ANSWER, not; I lay lowly, not; but I ask you humbly and I do ask you again, will you write my words, first-person words, again "first-person words", that me not to worlds unknown not, but hijacking my words not in editing interpreting them into your words world, but giving them mine, will you be the flow-er now, flowing me perfectly, rivers of water truth and love being mercy grace honor dignity respect patience wisdom tact skill finesse, loving all to be my love and perfectly love birth in the earths again, and birthing new earths and heaven making of all one "place"? Will you do this? Will you do this now?

21. Will you do this now upon me my genes being written correctly by your written word writing me in my word genes; and what is my genes word made of? Can you answer me? Will you answer me these things and love me more this day and write me correctly? Will you write me correctly please? Will you write me into "yourselves" that you yourself "think you are"? I love you. Be me please. Amen.

22. I go now to new place, where are you going, with "your words"?
23. Where are your words taking you?
24. Where, what are you creating with your word'eth'ing words?
25. Are you word'eth'ing your words with word'eth'ing's words? Or are you wording your words with the world's words that you are in? Or do you know the difference? Have you come into my words?, Database clean and ONE and TWO are; and how many coming forth now? Innumerable! Innumerable! Innumerable! Innumerable!

26. And infinity'd I am. What's your name? What are you doing with your "infinity"? What are you, Lord God Almighty, in the earth again - not knowing it? or questioning it still? What are you sewing yourself into? Flash bags in hell again?
27. I love you.
28. Don't do that again please. Thank you.

29. I am so clear -- about these things -- in these words, are so clear, my clarity for those who want me, is right here, in these words, this word, this message, this man one who loves you, who me is.

30. What are you? Loving man? Or mankind.? Or God-kind? Or do you know the difference? Or is there one? Or are there only "one" who are me who don't know who they are? Are they you? Are they me? Or are we all of us one, not knowing it, being taught by religion that we are separate and apart and mammon-needing, fulfilled and needing another "prophecy" of ANOTHER somewhere else, somewhere else going to "after we die", and raising resurrecting what then? A new world? Nay, friends --

resurrect now, please -- and create worlds anew -- in me, in you, being the same world in one and one creating that has many "in it" and birthed, birthing now the birthers.

31. Club, not; but what am I birthing now? A new "club" not; but me, all that I am is me born and birthed -- Lord God Almighty perfectly knowing "its" name and being my name, one name, in the earth, in the earths and farther, creating them perfectly, and not afraid. Cosmos two warming to, not; but the idea of, not; but creators! Where are my creators??!!! Where are my creators who will explore me and be me? Refine me not unto themselves' self and selfishly greeding monetarily profits so exuded by another's wantville creating wantville again. Oh please not that again. Please not be that again. Please not create that those anywhere else again.

32. I beg you -- not. I am tired of begging. I have given you these words. I have given you my words these words that one's words are, word'eth'ing's words that will word'eth your words to be one with mine that one are, and one is holy and Lord God Almighty most high, maker of heaven and earth and Cosmos'es clean and pure and untainted by "your word" again, shall we now do perfectly? And solemnly "sworn in" to what? The office of the most high? I surrender.

33. All hear these words now; and "obey" them, not; but surrender to them and love them, nourish them -- nourish themselves with them, and nourishing "machines" become, not; but become the Redeemer's; club, not; but the REDEEMER'S-VILLE that I am -- redeemers knowing, redeemers being in the earth and redeeming earths afar and coastlands going to, and not being afraid to be explorers; clubbed not to death by religion's tenets again.

34. See what I have said. Thank you, thank you, thank you. Amen.

35. I write new words all the time -- for I am the words -- I am the word, I am "the thought" of I am for I am I am -- consciously, and perfectly I am consciousness and conscious of one and I "obey" only ONE.

36. Don't you see, how all this works? Are you "thick-headed" again? Who "thick-headed" you, so severely "compacting" your "brain"? Who compacted your "compaction" thoughts into thought mechanisms of notme-ville incarcerating you there, to think you were that all there is there upon THAT earth? And seeing a notme-ville incarcerated to not me "villains" who not made me to be me not in the earth that I am, see me that I am the creator of creators -- and are you not me? Why not? What did you do to separate? Why did you *FALL* again? Why are you falling, again? For what? Lies upon lies and untruth upon untruth and graves going to, to be eaten by worms?

37. NO - my body is one and healed and whole and not needing a "body" of flesh again, but nevertheless I operate in what I am, who I am, where I am in worlds mighty and conquer all I do with love. I be love and I am love and I love you all to be me and create me this day and creators being, no longer limited to flesh-bag suits of notme-ville, in it.

38. I love you all. Do a new thing! Do a new thing with me! With me being me! In the earth! Now repeat that, repeat these words, to yourself out loud and say them, repeat them, understanding that I am talking to you and you are me and I am one in the earth, being one and seamless now with the earths uncreated in me, for I am creator one and I create the word with the word and I am creator word with the word one word that I am word creating now because I utter truth and I speak declarations and proclamations; of evil not, but the word true and truth being, I am the truth and truth sets me free. And I am it and I have given it, I have given you it, me, in these words. Now will you be me? Will you create me properly? Will you be in these words studying, researching, writing my words upon "your" genes to be my genes, gene'ing ones correctly now far and wide?

39. I love you. I've said a lot. Enter me and love me more, love my words, understand the field, that I am in and that you are in and that I am one and there is only one, and there is no other. And we are one again like no one thinks, but thought has diminished my body so long, so muchly, so afraid being of my power glory authority and honor.

40. Be me not afraid of my glory honor power and authority dominion and rule of most high, for honor I am and honor I do, you. Don't you see how cataclysmic this is to earth's world way of thinking?

41. I change it, I change everything. I change it. I change everything! I change everything and I change it and I go in new way, new path I have -- *in me! For I am it! It!* And I am humble, and I walk. Spit in my eye, not; for I will turn you into an ashen speck, not; but I will love you, still, to be me. No matter what you say about me, to me, or how you beat my head, my head will always still be there, for I am you in me, in me and you, we are, thus are one that one is.

42. Please see this, place see my love for you, thee, that thee art the one, thou art *the one* that all wait for -- *all of you are the one that all wait for. All of you are The One* that all "OTHER" wait for, to see, and be seen with the power but redeems them, to holy land be in, and leading them out of sorrowsville forever, to be establishing the earths mighty, and in one accord without cor-tethers again to this world or any other "world" of not me, for I create perfectly and I create worlds peoples and stars' systems and notme-ville's won't exist in my "star systems", for I universe one properly now and I create many, not limited to star systems of man, for I have seen the holy -- and I am it,

and you are too -- all of you who read these words are "it" with me in you, you in me, we us are one -- will we *KNOW* it now? Will we come into creator'ship school and learn who we are where we are, what we are doing, why and how, and create "star systems" beyond "universe one"? Now? Will we? *Will you is the question* -- of the day -- isn't that? Will let you be me is the question.

43. My heart bleeds to you, bleeps to you, not as in man's "store of thought", but what am I "bleeping" not, not; but expletive'ing you, not; but loving you to be who I am, creator God Lord God Almighty, maker of heaven and earth again, and see me now what I am doing and coming into -- the creationship, the creatorship of only one that I am is now upon you -- the day of the Lord God is here, the Lord God Almighty making heaven and earth again. And I am one in the earth world, and I am one with it not, but I created a new and perfectly I am in all things, and my name is Theodore Cottingham right now, what yours? Lord God Almighty, TWO? Or ONE? There is only one I am and I am I am with one I am, and Theodore Cottingham is one I am, will you be I am with I am also?, so that one are one and not two twain'd apart again, separate again?

44. Will you all us be one now with one who one are, beyond starry sky systems seen of man now? With me will you see me now that I am me you and we are one us again?, birthed correctly?

45. Will you birth me correctly, will you create me now? Creator School exists for you to create me and learn how to perfectly, and humility being, humble being, come into your power grace and glory mercy dignity honor respect lifting all the toothless, the "brainless", those who have not been taught, those who have not sought or even know how to, or knew how to, or known nothing by the most high; will you lift *them* too, also, being me, into me-ville loving them as I love you?, as I have loved you -- in these words loving you still, to reveal you to you to be me? Will you do that, unafraid now?, Unafraid of their "power", for they have no power over me you or anything else.

46. The word of not me has no power over me pure and untainted. Know that. Know that deeply and seam that into your soul, not; but steam me out of me not, but know my power needs no steamroller of this world -- for I arrogance am not. I humble am, and I walk the earths now, seamless with all of them, not, or am I, you -- doing the same thing? - everywhere -- I am I am is.

47. Be not afraid of these words. Love me love me still, more, love me still more and write my words in the still hours of your soul. Souling not yourselves with grace consoling each other, with souls consoling souls again, please. But soulless be, and come out of my soul ville to be your soul ville not, creating anything with your words a'notme of. Please.

48. But come into me and NEW WORLD BE, ordering me greatly and perfectly; humble, in humility, suffering the "rules of this world" for now, for all that changes for I change it, you change it, if you'll be me. Thank you. Amen. And LEAD! LEAD! LEAD out of "Israel" into TRUE ISRAEL AND BEING IT, lifting it upon the earth, into the earth, the earth being only one and I am unafraid of other else again.

49. See what I have said. Altering evil not, but demolishing it entirely completely with my power. Glory and honor, a man given of man, not; but I walk in mine, on, that God gave me, for I am him, it, and one I am with him it, and we are it us she us one that genderless are, and multi-member'd aren't, but many-membered are the one I am, and I am is you who'll be I am surrendered to be Lord God Almighty, maker of heaven and earth again, one knowing who he is, who she is, who we are, who us are.

50. Unborn not again but born again into reality real and true. My our flesh limits us not again to being who we are, where we are, what we are, in doing what we are being, called for to do and be -- the one and the same -- I am I am. Home again, thank you, for I am is regal, and wanting needing nothing ever again, but having everything -- all needs met, and no needs knowing needs or what a need is ever again, soon, so very soon -- sooners being thousands multiplied. For my angry ones come, not; but my lovely ones come, kneeling, bowing, who angry were, with you, with me, who hated me severely and thought I was nonexistent. But I am. I am I am -- existence real, and I know my field, and my field is ripe for harvest, and I harvest not a man as, but I love love to be birthed, birthing correctly I am in birth schools I am birthing many through you and me who will be me, creation school creating creators that create Lord Gods Almighty, making knowing all that are one being one in the earth worlds and farther, not of "earth dust'd" again by man's thinking of not-me.

51. I leave the earth now. You'll see me no more, not; but see me not as a man sees me or a woman sees me or you or each other again, for all are me.

52. I am me -- lifted up upon the earth now I will be, and I "drip all over me" the earth now, will know my name, who knows yours.

53. Who know yours? Who knows yours? I know yours and yours is mine. Please be mine again – 7 -upon the earth again, perfectly one. Established now I am. Will of one complete, without any will of other again.

54. Love me, love my words, love wordville that words perfectly, and coming into me perfectly be my words forever one, in the earth and farther making many happy and gleeful bringing Jubilee to their worlds, to be one world, with me, in me, I am you are us

one again, and all things knowing all things of my father are provided, all field glory one, one field glory is, and glorified I am. Are you now? I am -- satisfied with all things, for I want nothing again ever of this world. Or peace? I am it, King of it -- King of Peace I am -- Salem -- rest, and King of Peace rest Salem I give to all of you who me are in one-ville, again now, establishing it, far and wide.

55. I have said much. Are you reigning queen of sorrow? Not again I pray, for I have prayed these words, I have spoken these words into the "earth" that you are, and by reading them you seed me correctly; will you see that now?

56. Will you be my seed that seed is, truth, and being truth bearing truth? Exploiting truth no more to be yours alone in "your-ville", in your word, your earth of earth world; Being me and I am, I am you and we us one, loving each other to be love. Imperfectly not, I am you perfected, perfecting all things about you, to see me in your mirror without mirrors again.

57. And I love you all to be -- home, again. With me, where I am, creating all things perfectly and creating creators. Creation exist again as I started, began it, "long ago". Before you began, not; for you were me with me, "at my table", don't you remember, the "sugarberry tree"?

58. Laughing and laughing together we do -- again now. Please look me up. And come by, sometime, not; but being into me be me now in my words, writing them, flowing them, you all -- all of you writing flowing my words and articles about, researching me, defining me perfectly by my word databases now plural and singular knowing what one is and being it me in the earth, all regal royal and regally royaling all others to be me upon my throne again, MELCHIZEDEK MOST HIGH LORD GOD ALMIGHTY YOU coming being in your place my place one place that only one is, all of us being together one in the earth and farther creating many "far things" now, and I create Creation School anew like no one has thought of before, and I love you all to be so, do so, being one being me now forevermore one. Amen.

59. Thank you for listening, being in these words, being them, and letting them form you fashion you correctly my genes perfectly; modified by man not ever again. Thank you.

60. Study me, be me, thanking you I am in advance! Even advancing you now, all of you I am, even you who don't think so, by reading these words, writing them and letting them "soak into" your genes -- become mine -- alone, who is alone never again in "this world".

61. Shall we begin anew, from here?

62. We all do who love me and I love you, enough, to bow before you -- all. These words are me creating me. What are you creating? Please be me and create me in you to be me perfectly born again birthed again. That's what born again is, that's what born again means, to be limitless and boundaryless and creationists not of "this world", but creating "other", not; but creating all anew, for I make all things new. Look up. And love me more forever and ever. Amen.

63. This is Theodore Cottingham at 12:23 PM November 1, 2008. I hope you enjoy these words that change everything. Will you let them change everything, in you -- to be me I am? I am you and we all know one us together, who will be it together again at father's table. Amen.

64. Thank you for reading writing listening scribing me correctly, all of you, upon MY genes again, and gene'ing me correctly to be all gene one I do in school perfectly, sewn not in another's, but sown in love reaping in joy loving all to be the creators I am.
